I want you to create Program Managers Landing Page based on the following Initiatives:

1. Emerge4Biz Section
2. She Emerge Section

The Emerge4Biz section should contain the following:

1. Incubation Programs Applications Summary capturing the following:

    a. Total Applications Received (Use Card)
    b. Male Application Received and Female Application Received Use Pie chart to present information). You may also include male and female percentages
    c. Total Districts and Cities Reached (Use Card)
    d. Include Project Filter (assuming there will be more that one projects under Incubation Programs.
    e. Include a View All Applications Button

2. Acceleration Programs Applications Summary capturing the following:
    a. Total Applications Received (Use Card)
    b. Male Application Received and Female Application Received Use Pie chart to present information). You may also include male and female percentages
    c. Total Districts and Cities Reached (Use Card)
    d. Include Project Filter (assuming there will be more than one projects under Acceleration
    e. Include a View All Applications Button

Note that at Emerge4Biz Section, all Incubations related things should be put on the left side and the all Acceleration related things should be put on the right side of this section.
