1. Content Removal – Mentorship Models

In the **Mentorship Models** section:

- Remove the **Masterclasses** slide.
- Remove the **In-Person Mentoring** slide.

This leaves only the remaining mentorship model slides visible in the section.

2. Styling – Mentor Section Badges

In the **"How Mentors Contribute"** section, update the following badges so they all use the same color treatment:

- **Mentor Roles**
- **Why Mentor**
- **Testimonials**
- **Open Now**
- **Recognition**
- **FAQs**
- **Join the Network**

Apply these styles to each badge:

- **Background color:** `#4C808A`
- **Border color:** `#4C808A`
- **Text color:** `#4C808A`

This will keep the badge styling consistent across the mentor-facing sections.

3. CTA Section – "Ready to Inspire the Next Generation of Entrepreneurs?"

In the **"Ready to Inspire the Next Generation of Entrepreneurs?"** section:

- Remove the contact details:
  - **hello@emergelivelihoods.org**
  - **+265 88 886 0810**
  - **Emerge Hub, Mzuzu, Malawi**
- Remove the **"Contact Us"** button.
- Update the **"Register as a Mentor"** button so that it links directly to the **Mentor Registration page**.

This simplifies the section and directs mentors straight to the registration flow.

4. Styling – Recognition Section

In the **"Your contribution is valued, celebrated and publicly acknowledged"** section:

- Set the heading text to **`#FFFFFF`**.
- For each item below, set the **icon color** to **`#FFFFFF`** and the **icon badge background** to **`#4C808A`**:
    - Digital Certificates
    - Annual Mentor Awards
    - LinkedIn Recommendations
    - Community Spotlight
    - Mentor Badges
    - Exclusive Events

This keeps the recognition area consistent with the platform's visual style and improves readability.

5. Styling and Content Removal – Upcoming Mentor Opportunities

In the **"Upcoming Mentor Opportunities"** section:

- Set the **badge background color** for **Incubation**, **Pitch**, and **Bootcamp** to **`#4C808A`**.
- Set the **badge text color** to **`#FFFFFF`**.
- **Remove** the **Demo Day** slide entirely.

This keeps the section visually consistent and focuses it on the remaining opportunity types.

6. Styling – Mentor Impact Section

In the **Mentor Impact** section:

- Set the heading text **"Real outcomes from a growing network of dedicated mentors and ambitious founders"** to **`#FFFFFF`**.
- Set all **label values** and **label text on the cards** to **`#FFFFFF`**.

This improves contrast and keeps the section aligned with the rest of the white-on-accent styling used across the page.

7. Typography – "The Mentor Lifecycle" Steps

In the **"The Mentor Lifecycle"** section:

- Set the font size of **Step 1 through Step 09** to be **larger** than the corresponding step titles such as **Apply** and **Recognition and Alumni Network**.
- Keep the step numbers visually more prominent so they stand out from the step titles.

This creates a clearer hierarchy between the step labels and their titles.

8. Styling and Content Updates – Programs and Hero Sections

Apply the following updates across the specified sections:

- Remove **"6 Months"** and **"4 Months"** along with their associated badges from the **Incubation Programs** and **Acceleration Programs** sections on **"Join Emerge4Biz – Choose your program track to get started"**.
- Set **"Choose your program track to get started"** text to **`#FFFFFF`**.
- In **"Turn Your Idea Into a Thriving Business"**, set the **Incubation Programs badge border color** to **`#4C808A`**.
- Set **"Spaces are limited. Apply now to secure your place in the next cohort"** to **`#FFFFFF`**.
- Set the following paragraph to **`#FFFFFF`**:
    - *"Our incubation programs offer structured, milestone-driven support for early-stage entrepreneurs — from business model validation through to investor readiness and market entry. Choose the program that fits your stage, sector and goals."*
- Remove **"□ 6 Months"** from the **Emerge4Biz** slide.
- Remove **"□ Self-Paced"** from the **Emerge Learn** slide.
- Set the text **"Five purposefully designed programs — each targeting a different stage, audience and need within the entrepreneurship ecosystem."** to **`#FFFFFF`**.

This keeps the program showcase visually consistent while removing the duration badges you no longer want displayed.

9. Styling and Text Cleanup – Alumni Buttons

In the alumni button section:

- Set the button text for **Amina**, **Daniel**, and **Grace** to **`#FFFFFF`**.
- Remove the **"·AgriTech"** text from:
    - **Amina on Blantyre·AgriTech**
    - **Daniel on Blantyre·AgriTech**
    - **Grace on Blantyre·AgriTech**

This keeps the button labels cleaner and improves readability.
